1. On **Home**, tap **👥 Team & groups**.
2. Find the group and tap **✉️ Invite leader**.
3. Tap **💬 Send on WhatsApp**, choose the leader's chat and press send.
4. The leader opens it, signs in and is in. The group then shows **📱 Leader on the app**.

Also on Home

Special programs: scroll to Special programs → **Add a special program**.
New visitors: send the welcome message, then give each a leader.
